

QUALITY, HEALTH, SAFETY & ENVIRONMENT POLICY STATEMENT

Multilines International Limited has an ongoing Vision to be the best Global Cargo Freight Logistics provider of choice. This vision is underpinned by the relentless pursuit of innovation, benchmarked against the best in the globe and by maintaining a clear company-wide focus on excellence.

To deliver our mandate, we recognize our responsibility as a sustainable business, employer and a corporate national devoting our efforts to customer satisfaction, prevention of risks of accidents, harm to health, environmental degradation, reputation damage or adverse impacts on product and service quality.

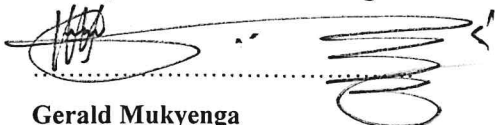

We are committed to:

- ❖ Provide all our clients with high quality fit for purpose services which exceed their expectations ensuring maximum satisfaction.
- ❖ Providing a participatory and consultative framework for setting and reviewing QHSE objectives and targets whilst establishing plans for their effective implementation.
- ❖ Provide safe and healthy working conditions for the prevention of work-related injury and ill health to people associated with our operations.
- ❖ Protection of the environment including prevention of pollution, contamination and any environmental degradation.
- ❖ To comply with all the applicable legal and regulatory requirements for products and services including customer requirements and any other industry requirements.
- ❖ Continually improve the effectiveness of the QHSE management system and its performance ensuring effective implementation is achieved through periodic reviews to ensure continued suitability and relevance.

Managers, Team Leaders and supervisors shall lead the Multilines team in delivering this commitment. All employees, contractors and other stakeholders have been empowered to discontinue any work found non-compliant, unsafe or if the risk is not properly managed.

Management shall communicate to all employees and make available to relevant interested parties the quality, environment occupational safety and health management system requirements with the intent that they are aware of their individual contributions and responsibilities.

The Group Managing Director/Chief Executive Officer is accountable for the implementation of the Integrated QHSE Management System to ensure the commitments made in this Policy and all requirements are being met and maintained.

Gerald Mukyenga
Group Managing Director/Chief Executive Officer
